Subject: RENOVATION OF ELEVATORS IN THE SECRETARIAT BUILDING

1. The programme to renovate the elevators in the Secretariat Building, which began early in 1990, is now in its final stages of implementation. During the two years since the programme started, 16 of the 18 passenger elevators and 1 of the two service cars have now been upgraded with new microprocessor-based control systems and newly designed interiors. These elevators also comply with the latest building code requirements for persons with disabilities.

2. Currently, all 12 cars in the low- and medium-rise banks, 4 cars in the high-rise bank and 1 service car have been completed and are fully operational. The improved level of service and dependability of the modernized elevators with quicker response time and shorter waiting periods will be welcome to all.

3. The modernization of high-rise elevator No. 4 and the second service car are proceeding. These two elevators are scheduled for completion by the middle of September, leaving the last remaining elevator in the high-rise bank for completion towards the end of the first quarter of next year.

4. A programme of this nature and magnitude has undoubtedly resulted in some temporary disruptions and has caused on occasions inconveniences to members of the staff, delegates and visitors. Your understanding, patience and cooperation during these strenuous times are appreciated.

Subject: CATERING SERVICES

1. The contract between the United Nations and the Catering Service provides for an increase of 5 per cent in price, with the exception of specific items, effective 1 April each year, if the respective consumer price index (CPI) published in February each year by the United States Bureau of Labor Statistics increases by 5 per cent or more, or the accumulation of the CPI since the last price increase adds up to a total increase of 5 per cent or more. The recently published CPI rose by 3.1 per cent as of February 1992 and, therefore, does not support an overall price increase.

2. In respect to the specific items mentioned above, the United Nations catering contract provides for price increases at two-year intervals if the CPI increases by 5 per cent or more during the two-year period. Since the 1991 CPI rose by 5.8 per cent, a price increase of 5 per cent for these specific items is due at this time.

3. The prices of the specific items in the cafeterias (Main Cafeteria, UNICEF Cafeteria, UNDC-1 Cafeteria) will therefore be as follows:

	$	$
Muesli with milk		1.25
Rolls, croissants, bagels	0.60 -	0.95
Salads	2.85 -	3.15
Onion rings		0.95
Fruit	0.70 -	1.05
Fruit salads (small, large)	1.15 -	2.15
Coke, Diet Coke etc. (small, large)	0.75 -	1.00
Coffee, decaffeinated coffee, tea, decaffeinated tea (small, large)	0.60 -	0.75

4. It should be noted that the last price increase in the Staff Cafe was approved in 1990. Although the CPI had risen by 5.8 per cent in 1991, the Catering Service had agreed not to increase prices before 1 April 1992. In accordance with the provisions made in the catering contract, the prices in this facility will therefore be increased as follows:

	$	$
Entree No. 1		8.35
Entree No. 2		8.35
Entree No. 3		7.50
Dessert		1.95
Wine (by the glass)		2.80
Beer	1.95 -	2.20
Cappuccino		1.95
Expresso		1.70

5. After consultations with the caterer, prices in the staff catering facilities at Headquarters will be adjusted as specified above effective Monday, 8 June 1992.

Subject: 1992 COMPETITIVE EXAMINATION FOR PROMOTION TO THE PROFESSIONAL CATEGORY OF STAFF MEMBERS FROM OTHER CATEGORIES

1. In accordance with administrative instruction ST/AI/375, the following information is provided on the format and procedures for the 1992 competitive examination for promotion to the Professional category of staff members from other categories. As noted in that instruction, the following occupational groups have been selected:

(a) Administration, which covers work such as that of administrative officers, personnel officers, budget officers and project management officers;

(b) Economics, which covers work such as that of economists, specialists in transnational corporations and specialists in industrial development;

(c) Engineering, architecture and related work. This will be an examination on telecommunications engineering;

(d) Legal and related matters, which covers work such as that of legal researchers and advisers for the Organization;

(e) Library, which covers work such as that of librarians and records management officers;

(f) Political affairs, which covers work such as that of political affairs officers and liaison officers;

(g) Public information, which covers work such as that of information officers and press officers;

/...

(h) Publishing and printing, which covers work such as that of the principles and practices of printing and graphic arts.

A. Written examination

2. The written examination accounts for 80 per cent of the total number of points available for each occupational group and will consist of two parts: a general paper (four hours) and a specialized paper (four hours) related to the occupational group concerned. An examination booklet will be distributed to the candidates at the beginning of each part of the examination. The examination must be written with dark blue or black pen only in the designated parts of each booklet.

3. The general paper comprises three sections:

(a) Section 1 will test candidates' ability to analyse a problem. This section consists of a text and questions based on the text. The time recommended for this section is 1 hour and 20 minutes and it has a coefficient of 10 per cent of the marks assigned to the examination;

(b) Section 2 consists of a text of a speech or a report. Candidates will be asked to summarize the text, reducing it to approximately one third of its length. The summary will be evaluated for comprehension, accuracy and clarity of thought. The time recommended for this section is 1 hour and 20 minutes and it has a coefficient of 10 per cent of the marks assigned to the examination;

(c) Section 3 deals with questions on international relations. Candidates may choose any 10 among 12 questions offered. The time recommended for this section is 1 hour and 10 minutes and it has a coefficient of 10 per cent of the marks assigned to the examination.

4. The specialized paper, which tests substantive knowledge of the occupational group concerned, normally consists of 3 essay-type exercises and 10 short-answer-type questions. All essays and questions are mandatory. The total time recommended for this part is 4 hours and it has a coefficient of 50 per cent of the marks assigned to the examination.

5. As stated in paragraph 25 of administrative instruction ST/AI/375, candidates participating in the examination will be permitted to take the examination in any of the working languages of the regional commissions, with due regard to the requirement of proficiency in one of the working languages of the Secretariat. In order to demonstrate such proficiency, all candidates will have to take section 2 (drafting test) in either English or French. Alternatively, candidates may elect to take the entire written examination (parts 1 and 2) in a working language of a commission other than English or French and sit for a special language test in either English or French. This test consists of two parts covering, respectively, reading and writing abilities. The duration of the test is 2 hours and 30 minutes. The special

language test will be administered on the most appropriate date, taking into account cost and the schedule of the specialized examinations of the candidates convoked. All candidates taking the test will be informed of the special test date in their letter of convocation.

6. The exact time of the examinations will be adjusted for each examination centre, taking into account the various time zones, and will be communicated to each candidate. Candidates should arrive at the examination room in each centre at least half an hour in advance of the scheduled starting time and have with them a United Nations identification document, their convocation letter and pens.

7. The written examinations will be held in the designated examination centres for the occupations mentioned in paragraph 1 on the following dates:

Administration	21 September
General paper	18 September
Economics	22 September
Engineering, architecture and related work	15 December
Legal and related matters	14 September
Library	15 September
Political affairs and related work	17 September
Public information	16 September
Publishing and printing	14 December
Special language test	To be announced

B. Oral examination

8. Candidates may be convoked for an oral examination in accordance with paragraph 15 (b) of administrative instruction ST/AI/375. Candidates serving at duty stations away from Headquarters will take this part of the examination either in New York or at another location, depending on circumstances. At locations away from Headquarters, the oral examination will be conducted by a board consisting of at least three members of the relevant board of examiners, including an ex-officio member.

9. The oral examination is scheduled to be held in March 1993.

10. Candidates will take the oral examination either in English or French, the working languages of the Secretariat, in accordance with the preference

stated in their original application. The oral examination accounts for 20 per cent of the total number of points available.

11. The standardized format of the oral examination will include a 5- to 10-minute presentation of a general nature on a topic broadly related to the occupational group concerned. Each candidate will draw two topics at random from a selection prepared in advance and choose one of the topics. The candidate will then have 15 minutes to prepare an oral presentation on the selected topic. Following the presentation, the Board of Examiners will have an opportunity to ask three questions for clarification or amplification of any of the points made by the candidate. After the presentation and related questions, the Board will ask seven other questions of a general nature, also broadly related to the occupation.

12. The presentation and responses to the questions of the oral examination will be evaluated in accordance with a rating scale designed to assess the candidate's ability to comprehend topics and questions, to communicate with others and to present and illustrate with examples his or her views in a clear, logical and understandable way. In order to ensure consistency, the marking will be done separately by each member of the Board immediately after each oral examination and without relation to the grading of the written examination. The presentation will account for 45 per cent of the points assigned to the oral examination, the answers to the requests for clarification or amplification for 15 per cent and the answers to the 7 other questions for 40 per cent.
